LINT HIKES

[About Lint](#)

[Trails Hiked](#)

[Gear List](#)

[Photos](#)

[Contact me](#)

When not riding bikes and burning wooden pallets down by the river, Lint spends his time on the long distance trails in North America. His life revolves around long distance backpacking, or 'thru' hikes as they are known. [More ...](#)

Documentation

About the Project

The Sellwood Bridge project is an ongoing effort by Multnomah County to replace this 87-year old Willamette River crossing with a new, seismically-sound structure that offers upgraded facilities for all users. The new bridge opens in 2015. The bridge is open to traffic. Drivers should allow extra time to cross the bridge on weekdays due to construction.

Sellwood Bridge Field Work Update for November 8

Field Work Update - November 8, 2013

TRAFFIC ALERTS

Hwy. 43 Lane Closures: The outside southbound lane of Hwy. 43 is closed weekdays (except from 4 p.m. to 7 p.m.) between SW Taylors Ferry Road and the project limits south of the bridge while the contractor excavates the hillside west of the highway. On weekdays the contractor also closes a northbound lane from 9:30 a.m. to 3:30 p.m. between the bridge and Freeman Motors. One northbound lane of Hwy. 43 will be closed south of the bridge from 9 a.m. to 3 p.m. on weekdays for the next few weeks as storm drain manholes are installed in front of the south retaining wall on the west side of the highway.

Concrete Pour on November 14: The northbound lane of Hwy. 43 will be closed at times this day south of the bridge during a concrete pour for the westernmost bridge

Pouring Bent 7 crossbeam for east approach
